

Luscious green valleys, interveined by powerful rivers and waterfalls, guide you right through the heart of Norway.

There are not many places comparable to the scenic landscape which awaits you in Norway's fjordland. We start our journey in Bergen, an enchanting and vivid cultural metropolis. From here, we will ride along the world-famous and spectacular train line towards the giant Sognefjord. A cruise on the narrow Fjaerland fjord, along the Jostedalbreen glacier, takes us further North to the amazing natural spectacle and UNESCO world heritage Geiranger. We will explore the strawberry land of Norway, the Storfjord and Ålesund. The latter is also known as the 'Venice of Norway' and its impressive Art nouveau architecture and representation. You will for sure remember the tranquility, the impressive environment and the friendly Norwegians, even long after you returned home.
